

LStore-Branches Branch Indexing Log [Jenkins]

Branch Indexing Log

```
Started by user Andrew Melo
Connecting to https://api.github.com using LStoreBot/***** (Github lstore)
Looking up accre/lstore

Getting remote branches...

Checking branch dev/alan
  'Jenkinsfile' does not exist in this branch
Does not meet criteria

0 branches were processed

Getting remote pull requests...

Checking pull request #PR-85
  'Jenkinsfile' exists in this pull request
Met criteria
No changes detected in PR-85 (still at
jenkins.plugins.git.AbstractGitSCMSource$SCMRevisionImpl@13af9a0b)

1 pull requests were processed

Done examining accre/lstore

Evaluating orphaned items in LStore-Branches
Will not remove PR-81 because it is new
Will not remove PR-73 because it is new
Will not remove PR-78 because it is new
Finished: SUCCESS
```
